The State of New Hampshire

To the inhabitants of the Town of Northwood in the County of Rockingham in said State, qualified to vote in Town affairs:

You are hereby notified to meet at the Town Hall in said Northwood on Tuesday, the fourteenth day of March next, at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriation of the same.
3. To see if the Town will vote to elect one fire chief in place of two.
4. To see what sum of money the Town will vote to raise and appropriate for interest on loans.
5. To see what sum of money the Town will vote to raise and appropriate for highways.
6. To see if the Town will vote to raise and appropriate the sum of \$1,057.50 to accept State aid construction.
7. To see if the Town will vote to raise and appropriate the sum of \$220.00 for the purchase of a snow plow blade.
8. To see what the Town will vote to pay, per day, for labor on the highways.
9. To see what the Town will vote to pay all other Town Officers.

10. To see if the Town will vote to raise and appropriate the sum of \$1,050.00 for street lighting.

11. To see if the Town will vote to raise and appropriate the sum of \$50.00 for the care of cemeteries, as provided in Chapter 55, Section 4, Laws of 1925.

12. To see what sum of money the Town will vote to raise and appropriate for Memorial Day.

13. To see what sum of money the Town will vote to raise and appropriate in excess of that required by law for the Northwood Public Library.

14. To see if the Town will vote to authorize the Selectmen to hire money in anticipation of taxes.

15. To see what action the Town will take in regard to a discount on property taxes.

16. To see what the Town will vote to pay the tax collector for the collection of taxes.

17. To see if the Town will vote to authorize the selectmen to administer or dispose of any property held, or which may be acquired by tax collector's deed.

18. To see what sum of money the Town will vote to raise and appropriate to reduce the Town Debt.

19. To see if the Town will vote to amend Article 20, passed at the annual Town meeting of 1926, so that it will read: To use the Australian Ballot at all Town elections in the election of Town Clerk, Town Treasurer, Selectmen, Tax Collector, Road Agents, Fire Chief, Library Trustee, Trustee of Trust Funds, Auditors and Prohibition Officer.

20. To see if the Town will vote to charge filing fees to candidates for the office of Town Clerk, Town Treasurer, Selectmen, Tax Collector and Road Agents.

21. To see what action the Town will take to cause a settlement through friendly compromise, of all claims it may have under the contested will of James A. Bryant.

22. To see if the Town will vote to refund certain Notes now outstanding by issuing Serial Notes in place thereof in an amount not to exceed eighteen thousand dollars (\$18,000).

23. To transact any other business to come before said meeting.

Given under our hands and seal, this twenty-seventh day of February, in the year of our Lord nineteen hundred and thirty-three.

JOHN A. TASKER,
CLINTON D. CARLISLE,
CHARLES F. FROST,

Selectmen of Northwood.

State Auditor's Report

Concord, February 25, 1933.

Board of Selectmen,
c/o John A. Tasker, Chairman,
Northwood, N. H.

Gentlemen:

I submit herewith a report of my audit of the accounts of the Town of Northwood for the fiscal year ended January 31, 1933.

The Vouchers and Orders drawn by the Selectmen during this period were examined, together with the accompanying invoices and pay rolls. The Vouchers were checked with the corresponding entries in the Selectmen's Receipts and Payments Book to see if the correct amounts had been entered in each case and the proper classifications made. All of the Orders which were drawn contained the signatures of at least two members of the Board of Selectmen.

The pay rolls for State Highway work and for Town Maintenance were examined, orders for the total amount of each pay roll having been drawn to the State Highway foreman or the Town Road Agent in charge of this work. These pay rolls were signed by the individual employees whose names appeared thereon.

The Treasurer's receipts were checked by the source of origin so far as it was possible to do this. The Treasurer's payments were checked and it was found that the total of the Treasurer's payments was in agreement with the total amount of the orders drawn

by the Selectmen. The balance on hand January 31, 1933, as shown by the Treasurer's Cash Book was \$2,113.38. This balance reconciled with the Bank Balance of February 15, 1933, as shown by the statement attached.

The accounts of Mark A. Piper, Town Clerk from February 1, 1932, to March 7, 1932, were examined and found to be correct. The accounts of Walter P. Hill, Town Clerk from March 8, 1932, to January 31, 1933, were examined. During this period, Mr. Hill issued Auto Permits and Dog Licenses and collected Filing Fees amounting to \$1,080.51. Payments to the Treasurer for a like amount were made in the same period.

The accounts of Harry L. Whiting, Tax Collector for the Tax Levies of 1929, 1930 and 1931, were audited. These accounts have been settled in full by payments to the Town by the National Surety Company and collections made by Selectman Tasker and Collector Batchelder. There now remains on these accounts uncollected taxes of \$31.00 on the Levy of 1929, and \$13.64 on the Levy of 1931. Detailed statement is attached herewith.

The accounts of E. J. Holmes, Tax Collector for the Tax Levies of 1929, 1930 and 1931, were examined. Mr. Holmes has settled in full with the Town for these three years, and in the Levy of 1930 there appears to be a balance in his favor of \$2.60. Detailed statement of Mr. Holmes' account is attached herewith.

The accounts of Arthur A. Batchelder for the balance of the Levy of 1931 and the Levy of 1932 were examined. The balance of the 1931 Levy was entirely collected by Mr. Batchelder, as well as the total of the 1932 Levy. This is the first time in many years that a Tax Collector of Northwood has settled in full with the Town for the current year's Levy at the end of

the fiscal year, and Mr. Batchelder is to be commended for his efforts. Detailed statement is attached herewith.

The Securities and Bank Books representing the principal of the Trust Funds held by the Trust Fund Trustees were examined and the income and expenditures checked. It is our recommendation that the standard form of Trust Fund Book be adopted by the Trustees.

Very truly yours,

HAROLD G. FOWLER,
Municipal Accountant,
State Tax Commission.

AUDITOR'S CERTIFICATE

This is to certify that we have examined the books, vouchers, bank statements and other financial records of the treasurer of the school district of Northwood, N. H., of which the above is a true summary for the fiscal year ending June 30, 1932, and find them correct in all respects.

Northwood, N. H., June 28, 1932.

Report of Superintendent of Schools

To the Citizens of Northwood:

At a national conference on "The Crisis in Education" held in January at Washington, President Hoover said:

"Our nation faces the acute responsibility of providing a right-of-way for the American child. In spite of our economic, social, and governmental difficulties, our future citizens must be built up now. We may delay other problems, but we cannot delay the day to day care and instruction of our children."

Fortunately, Northwood has recognized this principle in educational matters. Our decreased expenditures for the last school year were in part a direct result of progressive measures. Thus the remodeling of our buildings has resulted in considerable savings in fuel, while our improved highways have made possible more economical transportation. Owing to decreased enrollment at the Ridge, it was found possible to combine the three rooms into two for the time being. This consolidation has resulted in further savings in teachers' salaries, fuel, and janitor service. On the other hand, improvements have been made by the installation of electric lights at the Ridge and also at the Narrows, and by new equipment in the form of wash-bowls at the Ridge. New fire extinguishers have also been placed in the school rooms. The services of the school nurse have been extended to include Coe's Academy. In last year's dental clinic, 56 were treated.

Gratifying recognition of the quality of work done in our schools has been evidenced. The exhibit of the Mountain School received an award at the Deerfield Fair. A float representing Coe's Academy was also accorded distinction at the same occasion. The academy also won the first award in the Paris Peace Pact Essay Contest, for the second time in succession. In the first Interscholastic One-Act Play Contest to be held in the State, Coe's placed second among the competing schools. In these days when many communities are in danger of adopting short-sighted policies crippling the schools, it is a mark of distinction for Northwood that no person moving into the town needs to fear having to submit to inferior schools.

This quality we have been able to maintain at remarkably low cost to the district, as is seen by the following comparison:

Per Pupil Cost of Elementary Schools

Median of the State,	\$82 11
Northwood,	70 03

The difference is \$12.08 per pupil, or 14.70%. It is not to be expected, however, that an economical budget can be reduced every year, since such items as the number of high school tuitions and the amount of State Aid income necessarily fluctuate from year to year for reasons over which the District has no control, even when ordinary expenditures are held constant or even reduced.

Education hitherto has tended to stress subjects designed to enable the individual to "get ahead" in life, and to "arrive" at a dominating position even at the expense of his fellows. This ideal was appropriate to the frontier civilization of a rapidly expanding nation; but it has broken down as a basis of living in our present complex industrial organization. Now we are be-

ginning to emphasize education as guidance in living with mutual helpfulness in groups such as the family, the community, the business world, and the human race everywhere. Where one has to calculate the partial payments on a mortgage, thousands have to cast their ballots for representatives who stand for opposing policies in finance or international relations. Where once it was the ability to read that appeared to be the safeguard of a citizen, now it is the ability to discriminate in the flood of printed propaganda and oral ballyhoo just what is the sober truth. Modern scientific methods of instruction in the tool subjects has released time which desperately needs to be spent on learning the lessons of human experience, overcoming national animosities by a knowledge of the life and ideals of all mankind, thinking through the problems of efficient production, equitable distribution, and prudent consumption of this world's goods, and building up personal character that shall manifest desirable traits in all situations.

The world has not yet caught up with Arkwright, Burbank, and Edison. Scientists and engineers have in their files and laboratories inventions that would throw millions more out of work. They do not dare to disclose them at this time, for fear of their social effect. The next hero will not be he who can "make two blades of grass grow where one grew before," but he who can take an unemployed man and another who works "from sun to sun" and give both that labor which satisfies, that leisure which refreshes, and that just return which encourages. To prepare such leaders is the next job of education.

These facts in regard to Northwood schools and this educational philosophy, I respectfully submit as my fifth annual report.

CHESTER W. DOE,

January 28, 1933.

Superintendent of Schools.
